Dear Mr. Johnson:

I would like to compliment your organization on a job well done on our Iron Mountain project. A company's true colors show on the difficult jobs and this was surely one of those.

The job was very well organized, the quality was excellent and the job was kept clean, which was no small accomplishment with "albi board".

Steven Brooks and David Cockrum are to be especially commended for a great job.

Sincerely,

*Ed Merchut*
